Dear Harold:

I enjoyed seeing you after so many years. After our meeting, I spoke with Steve Bair and asked him whether Dell had an open mind on settling your differences with them. He indicated they did and that if we can establish what money is owed to you to his satisfaction, an agreement could be effected.

I would therefore appreciate receiving from you in as brief a form as possible your statement as to the amount of monies owed to you and on what basis. I would also appreciate your contacting Pavsner so that he might forward the file to my home.

Best regards.

Cordially yours,

Dell
